# Solar Special price list

## NOV 2017

Product Code		Features	APN	Min order Qty	Price incl GST
444140		<p><b>Solaris 6 Watt Foldable Solar Array</b> Powerful enough to charge mobiles, cameras, ipods and camcorders Utilises CIGS technology, which is the most efficient thin film solar technology available Featuring a lightweight, compact design that works in all weather conditions</p>	90017988006	1	<b>\$40.00</b>
444143		<p><b>Solarroll 4.5 Watt Flexible Solar Module (30.5x 56 cm)</b> Powerful enough to charge cameras, ipods and camcorders in under 5 hours. Effective low-light performance Waterproof, UV transparent Link multiple like-units together for more output Rolls and stores in convenient storage tube Includes vehicle outlet cable &amp; multi-linking cable. Reverse flow protection</p>	080078004308	1	<b>\$35.00</b>
444142		<p><b>Solarroll 9 Watt Flexible Solar Module (30.5 x 101cm)</b> Powerful enough to run/charge cameras, ipods and camcorders in under 4 hours. Effective low-light performance Waterproof, UV transparent Link multiple like-units together for more output Rolls and stores in convenient storage tube Includes vehicle outlet cable &amp; multi-linking cable. Reverse flow protection</p>	080078004292	1	<b>\$60.00</b>
444148		<p><b>Solarflat 1.8 (35 x12.5cm)</b> Powerful enough to maintain the charge in car batteries Constructed with amorphous thin film, the weatherproof SolarFlat does not require bright light to function properly Built with a special UV inhibitor to make it less susceptible to heat damage, and the solar cells are encased in shatter proof glass</p>	90017988007	1	<b>\$13.20</b>
444147		<p><b>Solarflat 5W (35 x35 cm)</b> Powerful enough to trickle charge car batteries. Constructed with amorphous thin film, the weatherproof SolarFlat does not require bright light to function properly Built with a special UV inhibitor to make it less susceptible to heat damage, and the solar cells are encased in shatter proof glass 35x35cm</p>	90017988004	1	<b>\$25.00</b>
444146		<p><b>Solarflat 15W (95 x 35 cm)</b> Powerful enough to charge car batteries. Constructed with amorphous thin film, the weatherproof SolarFlat does not require bright light to function properly Built with a special UV inhibitor to make it less susceptible to heat damage, and the solar cells are encased in shatter proof glass</p>	90017988003	1	<b>\$35.00</b>
57119		<p><b>SILVA Solar 1 AA</b> Convenient, portable solar cell for recharging 2 or 4 AA batteries Five hours of sunlight completely recharges the Ni Cad or NiMH batteries Compact Panel size <b>13.6 x 12 x 2.7cm</b> 4 slots for straps. Includes suction cups for attachment to windows.</p>	7318860164989	1	<b>\$30.00</b>
